Plan

ONGOING OPCF INITIATIVES:

1. **Construction Management Software Initiative (Fall 2021)**
 - OPCF will soon use new “**Procore**” construction management software to help parishes and schools connect project-related contracts, drawings, and financial data in one place, to improve your visibility and accuracy at each step of the process

 2. **Sustainable Energy & Conservation Focus:** a Pastor shared results of a recent LED light and HVAC efficiency project:
 - *Annual cost of electricity (all facilities) reduced from \$42K in 2017 to \$25K this year!*
- Contact me if you'd like a no-cost assessment of energy saving opportunities
3. **Annual Facility Manager Forum** (TBD - Summer 2021)
